

Symposium on Reading and Dyslexia

18 March 2023

Speakers

Unimodal brain areas become more multisensory with reading development
(Presented in English)

Professor James R. Booth
Vanderbilt University

How to identify and support Hong Kong students with dyslexia
(Presented in Cantonese)

Professor Kevin Kien-hoa Chung
The Education University of Hong Kong

Meta-linguistic vs. working memory training in Chinese children with and without dyslexia
(Presented in English)

Professor Urs Maurer
The Chinese University of Hong Kong

Due to an urgent medical matter, Professor Anne Castles cannot join us at the symposium. We are grateful to have Professor James Booth of Vanderbilt University joining us instead.
